

REQUEST FOR PROPOSALS (RFP)

EMPANELMENT OF DEVELOPMENT & IMPLEMENTATION PARTNERS FOR CSR, COMMUNITY DEVELOPMENT & INFRASTRUCTURE PROJECTS ACROSS INDIA

RFP No.: AROH/RFP/2026-27/001

Particular	Details
Issuing Organisation	AROH Foundation
Registered/Corporate Office	F-52, Sector-8, Noida, Uttar Pradesh
Date of Issue	August 26, 2026
Last Date for Queries	September 24, 2026
Last Date for Submission	September 25, 2026
Proposal Validity	90 days from the last date of submission
Submission Mode	Electronic submission to procurement@aroh.in
Empanelment Period	As specified in the Letter of Empanelment / onboarding communication

This RFP is issued for empanelment only. Empanelment does not create any entitlement to a work order, minimum business volume, exclusivity or reimbursement of proposal preparation costs.

- 21. Suspension and Termination of Empanelment
- 22. Dispute Resolution and Force Majeure
- 23. Submission Checklist
- Annexures A–K

1. INTRODUCTION AND BACKGROUND

AROH Foundation invites proposals from experienced, technically competent and financially sound development agencies, implementation partners, contractors, service providers and vendors for empanelment to undertake CSR, community development, infrastructure, renewable energy, water conservation, natural resource management and allied development projects across India. The RFP is intended to establish a pre-qualified pool of agencies that can be considered for project-specific assignments in accordance with AROH Foundation's procurement procedures and the requirements of its CSR, donor, government and institutional partners.

AROH Foundation intends to create a reliable and technically capable partner ecosystem covering planning, design support, procurement, supply, installation, construction, testing, commissioning, operation and maintenance, capacity building and other implementation services, as applicable to individual projects.

Empanelment is a pre-qualification mechanism. An empanelled agency may subsequently be invited to participate in project-specific RFQs, limited bids, competitive quotations, technical-commercial evaluations or other procurement processes. Empanelment shall not constitute a commitment to award any work, any minimum business volume, exclusivity or a right to participate in every future procurement.

2. OBJECTIVE OF THE RFP

The objectives of this RFP are to:

- identify agencies with demonstrated technical, managerial, financial and operational capability;
- create category-wise and geography-wise pools of qualified implementation partners;
- enable faster and more competitive procurement for project-specific requirements while maintaining appropriate due diligence and quality standards;
- secure reliable implementation capacity in rural, remote, tribal, hilly, North-Eastern, Himalayan and other difficult-to-access locations; and
- establish a transparent basis for subsequent allocation of work based on technical suitability, experience, capacity, geography, past performance, commercial competitiveness and project requirements.

3. DEFINITIONS AND INTERPRETATION

Term	Meaning
AROH / Foundation	AROH Foundation, the issuing and contracting organisation.
Applicant / Bidder	The legal entity submitting a proposal in response to this RFP.
Empanelled Agency / Partner	A bidder selected and formally empanelled by AROH Foundation under this RFP.
Project / Assignment	A specific activity or package of work for which an empanelled agency may subsequently be engaged.
Work Order / Contract	The written instrument issued/executed for a specific assignment, including its scope, BOQ, specifications, price, schedule and conditions.
RFQ	Request for Quotation or equivalent project-specific commercial solicitation.
BOQ	Bill of Quantities, where applicable.
DLP	Defect Liability Period, as specified in the applicable Work Order/Contract.
O&M	Operation and Maintenance services, where included in the scope.

Unless the context otherwise requires, words importing the singular include the plural and vice versa. Section headings are for convenience and do not limit interpretation.

4. SCOPE OF EMPANELMENT

Agencies may apply for one or more categories. AROH Foundation may empanel multiple agencies in the same category and may add, modify or refine categories in future procurements based on programme requirements.

A. Renewable Energy & Solar Projects

- Solar PV systems and decentralised solar solutions
- Solar street lighting
- Solar water pumping and solar irrigation systems
- Solar-powered drinking-water systems
- Solar systems for schools, institutions and community facilities
- Solar-powered livelihood infrastructure
- Supply, installation, testing and commissioning (SITC)
- Electrical and allied works
- Operation and maintenance of solar installations
- Other renewable-energy and clean-energy interventions

B. School, Anganwadi & Education Infrastructure

- Classroom renovation and refurbishment
- School and institutional infrastructure improvement
- Smart classrooms and digital learning infrastructure
- Smart Anganwadi Centres
- STEM/Science Labs and Mini Science Centres
- Libraries and learning spaces
- Civil, electrical, plumbing and allied works
- Furniture and fixtures
- Other education-related infrastructure

C. Water Resource Development & Conservation

- Community drinking-water infrastructure
- Water supply and distribution systems
- Rainwater harvesting
- Groundwater recharge structures
- Check dams and related watershed structures
- Farm ponds and water storage
- Pond rejuvenation
- Irrigation-related infrastructure
- Drainage and water conservation works
- Other community water-security interventions

D. Natural Resource Management & Climate Resilience

- Watershed development
- Soil and moisture conservation
- Land and water resource development
- Farm-level water conservation
- Drainage and erosion-control measures
- Climate-resilient community infrastructure
- Plantation and ecological restoration-related infrastructure
- Environmental sustainability interventions
- Other NRM and climate-resilience activities

E. Civil Construction & Community Infrastructure

- Construction of community infrastructure
- Renovation, refurbishment, repair and maintenance
- Community centres and public utility infrastructure
- Boundary walls and site development
- Masonry and RCC works
- Plumbing, electrical and allied works
- Structural and non-structural repairs
- Other civil and infrastructure works associated with CSR projects

F. Other CSR & Community Development Works

- Livelihood-supporting infrastructure
- Community development and public-use assets
- Environmental sustainability interventions
- Capacity-building or implementation support linked to physical/community assets
- Other project-specific CSR and community-development works approved by AROH Foundation

The above scope is indicative and non-exhaustive. Individual Work Orders/Contracts shall define the exact scope, specifications, deliverables, BOQ, service levels, completion schedule, testing requirements, warranty/DLP and payment terms. No bidder shall assume that inclusion of an activity in this RFP constitutes an obligation on AROH Foundation to procure that activity.

5. GEOGRAPHICAL COVERAGE

The empanelment may be used for projects across India, including States and Union Territories. Bidders shall clearly identify their demonstrated operating geography and their ability to mobilise personnel, materials, equipment and supervision to project locations.

- States/UTs in which relevant projects have been completed or are ongoing;
- number and value of projects by State/UT;
- regional/site offices and local teams, if any;
- technical and project-management resources available locally;
- mobilisation lead time and logistics capability; and
- experience in rural, remote, tribal, hilly, North-Eastern, Himalayan or otherwise difficult-to-access locations.

Geographical presence shall be assessed on demonstrated project execution capability and not merely on the existence of a registered office.

6. ELIGIBILITY AND MINIMUM QUALIFICATION REQUIREMENTS

A bidder shall meet the following minimum requirements, subject to any category-specific requirements notified by AROH Foundation:

Requirement	Minimum standard
Legal status	The bidder shall be a legally registered entity in India and shall have authority to enter into contracts for the proposed services.
Relevant experience	Normally at least three years of relevant organisational experience in the category/categories applied for. AROH may prescribe different requirements for specialised categories.
Similar assignments	Demonstrated experience in one or more of the categories under Section 4, supported by verifiable work orders/contracts and completion/client certificates where available.
Technical capacity	Adequate qualified technical, supervisory and project-management manpower for the proposed categories.

Requirement	Minimum standard
Financial capacity	Adequate financial and operational capacity to execute assignments of varying size. AROH may prescribe category/project-specific turnover, net-worth or liquidity thresholds where appropriate.
Statutory compliance	Applicable PAN, GST, labour, electrical, construction, environmental, safety and other registrations/licences/authorisations relevant to the proposed work.
Non-debarment	The bidder shall not be blacklisted, debarred, suspended or prohibited from participation by a Government department, PSU, statutory authority, CSR funder or other material contracting organisation as of the submission date, except where fully disclosed and accepted by AROH.
Integrity	The bidder shall comply with applicable anti-fraud, anti-bribery, anti-corruption and ethical procurement requirements.
Safety and environment	The bidder shall have the ability to comply with applicable occupational health and safety, labour and environmental requirements.
Specialised works	For specialised works, the bidder shall possess all applicable professional licences, certifications, manufacturer authorisations, electrical licences or other approvals.

Failure to meet a mandatory eligibility requirement may render a proposal non-responsive. AROH Foundation may seek clarification or documentary verification where permitted, but shall not be obliged to allow a bidder to cure a material deficiency after the submission deadline.

7. CONFLICT OF INTEREST, INTEGRITY AND ETHICAL CONDUCT

AROH Foundation follows a zero-tolerance approach towards fraud, corruption, bribery, collusion, coercion, falsification, misrepresentation and unethical practices.

- Bidders shall disclose any actual, potential or perceived conflict of interest involving AROH Foundation, its employees, trustees, consultants, project partners or decision-makers.
- Bidders shall not attempt to influence the evaluation, empanelment or allocation process through improper means.
- Bidders shall not offer or provide gifts, commissions, inducements or anything of value intended to influence an AROH representative or decision-maker.
- Any material misrepresentation, forged document or concealment of a material fact may lead to rejection, cancellation of empanelment and/or termination of subsequent contracts.
- Where required, an empanelled agency shall comply with project-specific safeguarding, child-protection, anti-sexual-harassment, labour and community-protection requirements.

8. DOCUMENTS AND INFORMATION TO BE SUBMITTED

- Certificate of incorporation/registration or equivalent constitution document;
- PAN and GST registration;
- UDYAM/MSME registration, if applicable;
- Relevant licences, registrations, certifications and authorisations;
- Organisation profile and ownership/management details;
- Details of promoters/directors/partners and authorised signatory;
- Audited financial statements for the last three financial years, or such period as applicable to the bidder;
- Income-tax returns, where applicable and requested;
- List of completed and ongoing projects with documentary evidence;
- Work Orders/Purchase Orders/Contracts and completion/client certificates, where available;
- Details of major clients and references;
- State/UT-wise geographical experience and current presence;
- Key technical and project-management manpower;
- Equipment, plant, tools and other resources relevant to the proposed categories;
- Non-blacklisting/debarment declaration;
- Declaration of authenticity of information;
- Conflict-of-interest declaration; and

- Any additional information specifically requested by AROH Foundation.

Bank details and other payment/onboarding documentation may be collected after empanelment or at the time of the first project award, as specified by AROH Foundation. This avoids unnecessary disclosure of payment information at the technical pre-qualification stage.

9. PROPOSAL STRUCTURE AND SUBMISSION REQUIREMENTS

The proposal shall be organised in the following order and submitted electronically in searchable PDF format unless otherwise specified:

- Covering letter / application for empanelment;
- Bidder Information Form (Annexure A);
- Category-wise Application (Annexure B);
- Eligibility and statutory documents;
- Organisation profile;
- Relevant experience and major project references (Annexure C);
- State-wise experience (Annexure D);
- Key technical manpower (Annexure E);
- Project-management, quality, HSE and environmental capability statement;
- Conflict-of-interest, non-blacklisting and authenticity declarations; and
- Indicative commercial information/rate card, only where specifically requested by AROH Foundation.

Where AROH Foundation requires separate Technical and Financial submissions, the bidder shall submit them as separate attachments clearly marked "TECHNICAL PROPOSAL" and "FINANCIAL / COMMERCIAL PROPOSAL". No price information shall appear in the Technical Proposal.

File names should clearly identify the bidder and document type. The bidder is responsible for ensuring that electronic files are complete, legible, virus-free and accessible.

10. EVALUATION AND EMPANELMENT METHODOLOGY

AROH Foundation may use a two-stage process: (i) preliminary scrutiny of eligibility and responsiveness; and (ii) detailed technical evaluation, followed by due diligence and commercial review where applicable.

S. No.	Technical criterion	Maximum marks
1	Organisational and relevant experience	20
2	Similar CSR/community development and infrastructure projects	20
3	Technical manpower and project execution capacity	15
4	Geographical coverage and mobilisation capability	15
5	Financial and operational capacity	10
6	Experience in remote/difficult locations and contextual capability	10
7	Quality, HSE, environmental and project-management systems	5
8	Client references / demonstrated past performance	5
	Total	100

A minimum technical qualifying score of 70/100 may be prescribed. AROH Foundation may apply category-specific scoring, minimum sub-scores or pass/fail requirements for specialised works.

Indicative evaluation approach:

- Eligibility screening: mandatory documents and minimum qualification requirements.
- Technical evaluation: scoring against the approved evaluation matrix.
- Clarifications / presentations: where considered necessary and without altering the substance of the proposal.

- Reference checks and due diligence: verification of project credentials, client references, financial information, registrations and other material claims.
- Site visit / capability assessment: where the nature or scale of the proposed work warrants physical verification.
- Empanelment decision: category-wise and, where appropriate, geography-wise.

The technical score is intended to assess capability for empanelment; it does not itself create a ranking for every future Work Order. Project-specific procurement may use a separate technical-commercial evaluation.

11. DUE DILIGENCE AND VERIFICATION

AROH Foundation may independently verify information submitted by bidders. Verification may include contacting clients, inspecting completed works, validating registrations and licences, reviewing financial information, checking litigation/debarment history where relevant, inspecting offices or warehouses, and assessing the availability of key personnel and equipment.

If material discrepancies are identified between the bidder's submission and verified information, AROH Foundation may reject the proposal or take appropriate action under the integrity and disqualification provisions.

12. EMPANELMENT, ONBOARDING AND VALIDITY

Successful bidders may be empanelled as "AROH Foundation Development & Implementation Partners" for the period stated in the Letter of Empanelment or onboarding communication. AROH Foundation may empanel one or more agencies in each category and may maintain separate panels by category, geography or capability level.

- Empanelment is non-exclusive and does not guarantee any work or minimum business volume.
- Empanelment may be subject to execution of an onboarding agreement, vendor code, compliance declarations or other documentation.
- AROH may review panel performance periodically and may renew, suspend, downgrade or discontinue empanelment based on performance, capacity, compliance or programme requirements.
- A bidder shall promptly notify AROH of any material change in ownership/control, legal status, debarment status, statutory registration, financial condition or key capability that may affect its eligibility.

13. ALLOCATION OF PROJECT-SPECIFIC ASSIGNMENTS

Following empanelment, AROH Foundation may invite one or more empanelled agencies to participate in a project-specific procurement process. Depending on value, donor requirements, urgency and applicable procurement rules, the process may include RFQ, limited competitive quotation, competitive bidding, technical-commercial evaluation, rate contract, direct selection with documented justification, or another approved procurement mechanism.

Selection for an individual assignment may consider:

- technical suitability and compliance with the project scope;
- relevant category and comparable project experience;
- geographical presence and mobilisation capability;
- availability of qualified manpower, plant, equipment and supply chain;
- past performance with AROH or other clients;
- delivery schedule and mobilisation time;
- commercial competitiveness and total cost of ownership, where relevant;
- CSR/donor/government-specific requirements;
- availability of approved project funds; and
- quality, safety, environmental and safeguarding considerations.

The final scope, price, milestones, deliverables, acceptance criteria, payment schedule, warranty/DLP, liquidated damages, insurance, reporting and other contractual conditions shall be stated in the applicable Work Order/Contract.

14. PERFORMANCE, QUALITY, SAFETY AND ENVIRONMENTAL REQUIREMENTS

An empanelled agency awarded a project shall be responsible for delivering the assignment in accordance with the approved drawings/specifications, BOQ, standards, Work Order/Contract and applicable law.

- Timely mobilisation and completion in accordance with the approved schedule.
- Use of new, approved and quality-compliant materials and equipment unless otherwise specified.
- Deployment of qualified and competent personnel.
- Inspection, testing and commissioning as specified.
- Quality assurance/quality control records and measurement documentation.
- Compliance with occupational health and safety requirements, including appropriate PPE, safe work practices and incident reporting.
- Compliance with labour, wage, social-security and statutory requirements applicable to the workforce.
- Compliance with applicable environmental requirements, including waste management and protection of community assets and natural resources.
- Submission of progress reports, photographs, geotagged evidence, measurement records and other documentation as required.
- Rectification of defects during the applicable warranty/DLP at the agency's cost where attributable to its work or supplied materials.
- Proper testing, documentation and handover of completed assets, including manuals, warranties and as-built information where applicable.

AROH Foundation may inspect works at any stage. Inspection or approval by AROH does not relieve the agency of its contractual responsibility for quality, safety, statutory compliance or defects.

15. COMMERCIAL AND FINANCIAL PROVISIONS

For empanelment, AROH Foundation may request an indicative rate card or standard schedule of rates for commonly required works, materials, equipment, installation, testing, logistics and O&M. Such indicative rates may be used for benchmarking and planning and shall not, by themselves, constitute an award or a binding commitment to procure.

For project-specific assignments, AROH may issue a detailed BOQ/specification and request project-specific prices. The commercial proposal shall identify applicable taxes, duties, freight, insurance, installation, testing, commissioning, O&M and other cost components as required by the RFQ.

Unless otherwise specified in a Work Order/Contract, all statutory taxes and duties shall be dealt with in accordance with applicable law. Payment shall be linked to verified deliverables/milestones and acceptance requirements stated in the relevant contract.

16. CONTRACTUAL CONDITIONS FOR INDIVIDUAL WORK ORDERS

Each project-specific Work Order/Contract may include, as applicable:

- scope of work, technical specifications and BOQ;
- approved drawings/designs and applicable standards;
- project schedule and milestones;
- mobilisation requirements;
- measurement and acceptance procedures;
- payment terms and retention, where applicable;

- performance security / security deposit, where required;
- warranty and defect liability period;
- liquidated damages or service-level remedies for delay/non-performance, where contractually appropriate;
- insurance requirements;
- health, safety, environmental and safeguarding requirements;
- confidentiality and data-protection obligations;
- subcontracting restrictions and approval requirements;
- audit and record-retention obligations; and
- termination and dispute-resolution provisions.

No project-specific work shall be deemed awarded unless supported by an authorised written Work Order, purchase order, contract or equivalent written instrument issued by AROH Foundation.

17. CLARIFICATIONS, AMENDMENTS AND CORRIGENDA

All queries relating to this RFP shall be submitted in writing to procurement@aroh.in. The subject line should read: "Clarification – AROH/RFP/2026-27/001".

Particular	Bidder response
Name of Organisation	
Contact Person / Designation	
Email / Telephone	
RFP Section / Page Reference	
Content Requiring Clarification	
Clarification Requested	

AROH Foundation may issue clarifications, responses, addenda or corrigenda by email or through another notified communication channel. Any formal corrigendum/addendum shall form an integral part of the RFP and shall be binding on bidders. AROH may extend the submission deadline when necessary.

18. DISQUALIFICATION AND REJECTION

- late submission;
- failure to meet mandatory eligibility requirements;
- material omission or non-compliance with the prescribed submission requirements;
- false, misleading or materially incorrect information;
- forged or fabricated documents;
- blacklisting/debarment that has not been disclosed or is otherwise inconsistent with eligibility;
- inclusion of price information in the Technical Proposal where separate submissions are required;
- attempts to improperly influence the evaluation process;
- collusive, fraudulent or unethical conduct; or
- any other material breach of the RFP requirements.

AROH Foundation may seek clarification on an ambiguity or minor omission where it considers such clarification appropriate. A clarification shall not be used to permit a bidder to materially alter its proposal or cure a substantive deficiency.

19. AROH FOUNDATION'S RIGHTS

- accept or reject any or all proposals;
- empanel one or more agencies, or none, in any category;

- seek additional information, clarification or documentary evidence;
- conduct due diligence, reference checks, presentations or site visits;
- modify or amend the RFP;
- extend the submission deadline;
- cancel or withdraw the RFP without assigning reasons, subject to applicable law and internal policy;
- allocate work through project-specific procurement mechanisms;
- suspend, review or terminate empanelment for performance, compliance or programme reasons; and
- adopt any appropriate procurement mechanism for subsequent assignments.

AROH Foundation shall not be responsible for costs incurred by bidders in preparing, submitting or clarifying proposals, participating in meetings or site visits, or undertaking due diligence activities.

20. CONFIDENTIALITY, DATA, RECORDS AND AUDIT

Bidders shall treat non-public information received from AROH Foundation in connection with this RFP or a subsequent project as confidential and shall use it only for the purpose for which it was provided. AROH may require additional confidentiality undertakings for specific projects.

Empanelled agencies shall maintain complete project records, measurements, invoices, test reports, warranties, photographs and other supporting documentation for the period specified in the applicable contract and shall provide access to such records for audit, donor review, statutory review or programme monitoring, as contractually required.

Where project implementation involves beneficiary information, photographs or other personal data, the agency shall follow AROH Foundation's instructions and applicable law regarding consent, privacy, storage, use and disclosure.

21. SUSPENSION AND TERMINATION OF EMPANELMENT

AROH Foundation may suspend or terminate an agency's empanelment, in accordance with applicable contractual and procedural requirements, for material non-performance, repeated poor performance, fraud or misconduct, material misrepresentation, debarment, insolvency, breach of statutory requirements, serious safety violations, conflict of interest, or other material breach.

Termination or suspension of empanelment shall not automatically extinguish obligations under an existing Work Order/Contract, which shall be governed by its own terms.

22. DISPUTE RESOLUTION AND FORCE MAJEURE

Project-specific contracts shall specify the governing law, jurisdiction and dispute-resolution mechanism. Unless otherwise stated, the parties shall first attempt to resolve disputes through good-faith discussions between authorised representatives before invoking the contractual escalation mechanism.

A force majeure provision may be included in project-specific contracts to address events beyond the reasonable control of the affected party, subject to timely notice, mitigation obligations and the specific contractual consequences agreed by the parties.

23. SUBMISSION CHECKLIST

- ☐ Covering letter / application for empanelment
- ☐ Bidder Information Form – Annexure A
- ☐ Category-wise Application – Annexure B
- ☐ Registration / incorporation documents
- ☐ PAN and GST

- ☐ UDYAM/MSME, if applicable
- ☐ Relevant licences/certifications/authorisations
- ☐ Organisation profile and management details
- ☐ Audited financial statements / financial capacity documents
- ☐ Major project experience – Annexure C
- ☐ State-wise experience – Annexure D
- ☐ Key technical manpower – Annexure E
- ☐ Quality, HSE and environmental capability statement
- ☐ Non-blacklisting/debarment declaration – Annexure F
- ☐ Declaration of authenticity – Annexure G
- ☐ Authorisation – Annexure H
- ☐ Conflict-of-interest declaration – Annexure I
- ☐ Indicative commercial/rate card, if requested
- ☐ Any category-specific documents requested by AROH Foundation

ANNEXURES

ANNEXURE A – BIDDER INFORMATION FORM

Particular	Bidder's Response
Name of Organisation	
Legal Status / Constitution	
Year of Establishment	
Registered Address	
Corporate / Correspondence Address	
Contact Person	
Designation	
Telephone	
Email	
PAN	
GST No.	
UDYAM/MSME No., if applicable	
Website	
Name and designation of authorised signatory	

ANNEXURE B – CATEGORY-WISE APPLICATION

Category	Apply (Yes/No)	Primary Capability / Years	Key Evidence Reference
A. Renewable Energy & Solar Projects			
B. School, Anganwadi & Education Infrastructure			
C. Water Resource Development & Conservation			
D. Natural Resource Management & Climate Resilience			
E. Civil Construction & Community Infrastructure			
F. Other CSR & Community Development Works			

ANNEXURE C – DETAILS OF MAJOR PROJECT EXPERIENCE

Client	Project / Assignment	Location	Category	Scope / Key Deliverables	Value (INR)	Year	Status	Evidence Ref.

Bidders should prioritise projects comparable in scale, complexity, geography and technical scope to the categories for which they seek empanelment.

ANNEXURE D – STATE/UT-WISE EXPERIENCE

State/UT	No. of Relevant Projects	Major Client / Project	Current Presence / Office	Remote / Difficult Location Experience

ANNEXURE E – KEY TECHNICAL MANPOWER

Name	Designation	Qualification	Years of Experience	Area of Expertise	Current Location / Availability

ANNEXURE F – DECLARATION REGARDING BLACKLISTING / DEBARRING

I/We, the undersigned authorised representative of _____, hereby declare that the organisation has not been blacklisted, debarred, suspended or prohibited from participating in procurement/project implementation activities by any Government department, PSU, statutory authority, CSR funder or other material contracting organisation as on the date of submission, except as disclosed below.

If any such action has occurred in the past or is currently applicable, provide details, including authority, date, reason, period and present status:

I/We certify that the information provided is true and complete to the best of our knowledge.

Name of Organisation	
Authorised Signatory	
Name / Designation	
Signature / Seal	
Date / Place	

ANNEXURE G – DECLARATION OF AUTHENTICITY

I/We hereby certify that all information, documents, certificates and statements submitted as part of this proposal are true, complete and accurate to the best of our knowledge. I/We understand that material misrepresentation, false statements or forged/fabricated documents may result in rejection of the proposal, cancellation of empanelment and/or termination of any subsequent Work Order/Contract.

Name of Organisation	
Authorised Signatory	
Name / Designation	
Signature / Seal	
Date / Place	

ANNEXURE H – AUTHORISATION

I/We hereby certify that the undersigned is duly authorised to submit this proposal and represent the organisation in all matters relating to this RFP and subsequent empanelment processes.

Name of Organisation	
Authorised Signatory	
Name / Designation	
Signature / Seal	
Date / Place	

ANNEXURE I – CONFLICT OF INTEREST DECLARATION

I/We declare that, except as disclosed below, there is no actual, potential or perceived conflict of interest that may improperly influence our participation in this RFP or any subsequent project procurement.

Disclosures, if any:

Name of Organisation	
Authorised Signatory	
Name / Designation	
Signature / Seal	
Date / Place	

ANNEXURE J – INDICATIVE COMMERCIAL / RATE CARD (IF REQUESTED)

This annexure shall be completed only if specifically requested in the RFP communication or corrigendum. Indicative rates are for benchmarking/planning and shall not be construed as a commitment by AROH Foundation to award work at those rates.

Item / Service	Unit	Indicative Rate (INR)	GST / Taxes	Freight / Logistics	Installation / Testing	O&M	Remarks

Item / Service	Unit	Indicative Rate (INR)	GST / Taxes	Freight / Logistics	Installation / Testing	O&M	Remarks

ANNEXURE K – BIDDER EXPERIENCE & CAPABILITY SELF-ASSESSMENT

Capability Area	Bidder Statement / Evidence Reference
CSR / community-development implementation	
Renewable energy / solar	
Education / Anganwadi infrastructure	
Water resource development / conservation	
NRM / climate resilience	
Civil construction / community infrastructure	
Multi-State mobilisation	
Remote / tribal / hilly / difficult locations	
Quality assurance / QC systems	
HSE and environmental systems	
Project monitoring / MIS / reporting	
O&M / after-sales support
